

# THANK YOU

---

Your donation allows us to train, support, and mobilize Veterans for long-term careers in the field of biomedical tech. Our unparalleled online training curriculum allows military personnel and Veterans with biomedical backgrounds to upskill their expertise and experience gained during service to facilitate new opportunities to serve as Scientific Advisors and Research Specialists. With your donation, ISA is more effectively able to serve both the Veterans we educate, as well as the industries they support, thereby developing technology that can truly change the world.

Our community partners are individuals, organizations, and businesses with closely-aligned missions, not just for supporting military personnel and transitioning Veterans, but also in growing a talent pool of Scientific Advisors, to help accelerate cutting-edge and lifesaving biomedical tech. Together, we are building a strong and synergistic team that can make a real impact. But we can't do this alone. Thank you for your support.

*Eric H. Hanson*

International Scientific Advisors (ISA) is a tech-enabled marketplace for top-tier biomedical talent, providing access to Veteran experts, resources, and support to accelerate the commercialization of biomedical tech.

**International  
Scientific Advisors**

## ACTIVATING MILITARY VETERAN EXPERTISE TO ACCELERATE BIOMEDICAL TECH

“ My experience in the ISA cohort opened my eyes to the vast amount of DoD resources available for start-up level companies working on military-related technologies. I had known about SBIR, and I thought that was the end of it, but it is only scratching the surface. It also became clear to me that there is a very real need for military scientific advisors in the start-up space.

– Ian Richardson, CEO, USAF Pararescuemen

Your contribution allows us to offer world-class training to military Veterans that will bring their expertise to the biomedical talent pool as Scientific Advisors and Research Specialists. By sponsoring this our training programs, you are also helping us accelerate the development of lifesaving biomedical technology.

## SPONSOR BENEFITS

**Bronze Sponsor**  
**\$5,000**

Social posts celebrating the donation

Logo on the ISA website

Usage of sponsor logo badge kit

**Silver Sponsor**  
**\$25,000**

PREVIOUS LEVEL BENEFITS +

E-Blast to ISA network celebrating your donation

Audio testimonials from sponsored Veterans

Sponsor Veterans with specific areas of expertise (e.g., trauma medicine, nursing, surgery, etc.).

**Gold Sponsor**  
**\$100,000**

PREVIOUS LEVEL BENEFITS +

Joint press release celebrating your donation

Webinar with ISA Foundation Partner

Sponsor Veterans with specific areas of expertise for an entire cohort.

Written case study showcasing your donation's impact

**Platinum Sponsor**  
**\$500,000**

ALL LEVEL BENEFITS +

Podcast featuring a representative from your organization on an ISA Fellow Success Story panel discussion

Long-term strategic partnership with ISA to designate the focus areas for Veteran training and placements

Please contact Eric Hanson at [eric@joinisa.io](mailto:eric@joinisa.io) to discuss full benefits for top-level sponsorship

## VETERAN BENEFITS

- Training in ISA's Level I Fellow course and certificate of completion
- Placement onto an Advisory Board as a Scientific Advisor or Research Specialist
- Lifetime access to ISA Community resources
- Veterans sponsored by our top donation level will receive resources on how to start their own consulting LLC, including templates for legal, accounting, and payroll setup.

**ISA** provides training and certification to Veterans, precision-matching their expertise and experience with biomedical companies to accelerate tech, and offering the resources and tools to succeed in their careers.

Whether their path leads to a Scientific Advisor role, or that of a Research Specialist, ISA's no-cost trainings are an impactful way to **give back to the Veterans who have already given so much.**

## HOW TO DONATE

To learn more about how to donate to ISA, please get in touch. Your support is appreciated, and we look forward to speaking with you. Please contact me if you have any questions, or would like to pursue a long-term partnership.
